PUNTLAND STATISTICS DEPARTMENT

2024

Puntland Map

Foreword

The Ministry of Planning, Economic Development, and International Cooperation in Puntland is pleased to present the 11th edition of the Puntland Facts and Figures for 2024. This annual statistical report is compiled and published by the Puntland Statistics Department.

The data included in this statistical overview is derived from the department's latest surveys and the government's administrative records from various ministries, departments, and agencies. The 11th edition of the Puntland Facts and Figures book encompasses a broad range of statistics, including economics and trade, social statistics (health, education, crime, and migration), communication and transportation, public life, and political participation.

The creation of this annual publication is part of our ongoing efforts to enhance the availability and quality of socio-economic data. Our objective is to ensure that policymakers have access to reliable information for effective public policy planning and evidence-based decision-making. By establishing a benchmark for good governance and public accountability, we aim to foster the overall development of Puntland.

We express our sincere appreciation to the ministries, agencies, and MDAs for their continued cooperation and support in the production of this statistical report.

The Department of Statistics (MoPEDIC) encourages users to reach out with inquiries and constructive feedback. We would like to remind both current and potential users that the statistical data in this booklet undergoes continuous review, updating, and necessary adjustments. We hope that the information presented in this publication will empower readers to make informed decisions.
