Foreword

The Ministry of Planning, Economic Development, and International Cooperation (MoPEDIC) is pleased to present the 12th edition of Puntland Facts and Figures 2025. This annual publication, produced by the Puntland Statistics Department, provides a comprehensive overview of key socio-economic indicators.

The data presented in this report is sourced from recent surveys and official administrative records from various ministries, departments, and agencies. It covers a wide range of areas, including economic and trade indicators, health, education, migration, crime, transportation, communication, public life, and political participation.

This publication reflects our ongoing commitment to improving the availability and quality of statistical data in Puntland. It serves as a vital resource for policymakers, researchers, and development partners, enabling informed decision-making and promoting evidence-based planning and governance.

We extend our sincere thanks to all government institutions and agencies for their continued support and collaboration in compiling this report.

The Statistics Department welcomes feedback and inquiries from users. Please note that the data is subject to regular review and updates to ensure accuracy and relevance. We hope this edition contributes to greater transparency, accountability, and sustainable development in Puntland.
